

# Character Analysis

Steps to follow:

- 1.) Choose one character from **The Skin I'm In** and compare and contrast them to yourself.
- 2.) It may be helpful to create a two-column chart where you can list the traits of the chosen character and yourself.

**These are some things that may help you compare and contrast:**

- Physical descriptions
- Actions
- Beliefs / Values
- Descriptions by narrator and other characters

3.) Identify similarities and differences

- Once you have determined the traits of the chosen character and yourself, identify the similarities and differences between them.

4.) Create a graphic organizer to display your information. (DO NOT USE ONE THAT YOU HAVE ALREADY SEEN. )

- Use your imagination and creativity
