

What do others see when they look at me?

TASK:

You will interview an adult that knows you very well (mom, dad, grandparents, aunts, uncles, etc.) You will interview them and ask them 4 questions about you. You will record their responses and complete the assignment.

You can interview them and write their responses, or you can video their interview. That is your choice.

Here are the questions:

1. How do you see me at 18 years old?
2. What are some of my strengths? (At least 2)
3. What are some of my weaknesses (At least 2)
4. What would you like to see me accomplish in my lifetime?
